Paper Submission

Prospective authors are invited to submit a full paper of 4~6 pages (PDF). Authors must follow the double column IEEE format.

The submission of a paper implies that the paper is original and has not been submitted under review or copyright protected by the author.

All papers should be submitted electronically via the Online Paper Submission System, which is located at <http://cig.iet.unipi.it/isda2009>. The format of both the initial submissions and the final accepted papers must be in PDF. All submitted papers will be refereed by experts in the respective fields according to the criteria of originality, significance, quality and clarity.

The authors of accepted papers will have an opportunity to revise their papers and take the referees' comments and suggestions into consideration before submitting the final papers.
